TECHNICAL SKILLS

Programming: Python, Bash

Deep Learning: PyTorch

ML/AI: CNN, RNN, Transformer, YOLO, Diffusion Models, RAG

Tools: Git/GitHub, Docker, Linux, VSCode, notion, slack

MLOps / Deployment: FastAPI, Vercel

Data: OpenCV, Pandas, NumPy, Pytorch

EXPERIENCE

Scholarship & Awards

Yonsei University Merit-Based Scholarship (2023–2025)

GLC-SeAh Holdings Scholarship

GLC Distinction Award – Information Software Engineering

Extracurricular

Chinese & Korean editorYonsei GLC,school magazine (Discovery)

12th generation member, Yonsei Data Science Lab

Yonsei Social Science College <Social Innovation Lab> research challenge

Student Council

Lead, Member, Yonsei University Chinese Student Council

(YSCSSA) Multimedia department, 2023~24

President, YSCSSA, 2025

Lead, Yonsei GLC foreign student council, Translate&Promotion department, 2024

President, Yonsei GLC foreign student council, 2025
